SUMMARY

Software Engineer with hands-on experience building and maintaining Java backend services. Solid grounding in object-oriented design, REST APIs, and relational databases, complemented by full-stack web development skills. Comfortable working across the stack, collaborating with cross-functional teams, and shipping reliable, well-tested code.

EXPERIENCE

Software Engineer — Bitwise Global

Aug 2024 – Present

- Develop and maintain backend services and REST APIs using Java and Spring Boot.
- Design and optimize SQL queries and relational database schemas for application features.
- Collaborate with cross-functional teams to translate requirements into working software.
- Debug production issues and participate in code reviews to maintain code quality.

Web Developer Intern — Oasis Infobyte

Mar 2023 – Apr 2023

- Built and deployed static websites using HTML, CSS, and JavaScript.
- Developed a personal portfolio site, a Library Management System (Node.js, MongoDB), a task-management web app, and a Java Swing chat application.

EDUCATION

B.E. in Information Technology — P.E.S. Modern College of Engineering, Jun 2021 – Apr 2024 Savitribai Phule Pune University

CGPA: 8.57 / 10

TECHNICAL SKILLS

Languages	Java, JavaScript, C++
Backend	Spring Boot, Node.js, Express.js, REST APIs
Frontend	HTML, CSS, Bootstrap, JavaScript
Databases	MySQL, MongoDB
Tools & Platforms	Git, Windows, Linux

CERTIFICATIONS & WORKSHOPS

- WordPress and the Content Creator Economy — PES's Modern College of Engineering (2023)
- SPARK in AWS Workshop — PES's Modern College of Engineering (2023)

SOFT SKILLS & INTERESTS

Communication, Creativity, Teamwork | Reading, Swimming, Cricket
